**You are now chatting with 'Dave C'**

**you:** Hi Dave

**Dave C:** Thanks for contacting Capella. Who am I speaking with today?

**you:** My name is Andy

**Dave C:** Hi Andy, how can I assist today?

**you:** I'm interested in a Bachelor's of Science degree at Capella. I need to know what the full cost of the program would be

**you:** Bachelor's of Science in Business Administration

**Dave C:** There are many things that can come into play to influence the final cost of the degree. However, if you are looking at the big picture, meaning if you didn't have any transfer credit and didn't choose to pursue any of our alternative avenues for earning credit toward your degree, total tuition would run you about \$56,000. That cost does not include text books, which will probably run about another \$2,500- \$3,000 over the life of the program.

**Dave C:** What is motivating you to look at pursuing a bachelor's degree at this point, Andy?

**you:** I am starting with no transfer credits

**you:** can you give me a more exact figure

**you:** does that include fees?

**Dave C:** Let me do some math quickly. There are no additional fees with the exception of a \$50 application fee.

**you:** ok

**Dave C:** \$56,220

**you:** ah, thank you so much
