 DEADLINE : Closed
 STATUS : Closed
 TYPE : Career Services
 COMPLAINT : Career services
 TYPE2 : Gainful Employment
 COMMENTS : 8/3/10- From School to student: I understand from an e-mail that I received that you have some concerns about your extern experience and training. I tried to call you at Redacted but it is not working. Also tried other numbers that you had furnished but could not reach you. Please give me a call so we can discuss your concerns.

From ED: I have done a quick review of cvue comments and Redacted has sought placement several time since graduating in Oct 2008. School made numerous contacts and they indicate that Redacted did not do proper follow up, wanted to be very selective in the types of companies she applied to, changed/lost her cell phone etc. last contact was October 2009. I will have School the new DCS, contact her asap to get more information and create a fresh start.

Hi School: This complaint came through as part of the outreach to student pertaining to the Gainful Employment letter writing campaign. It is essential that you contact this student ASAP to address their complaint and provide an update to this group. Please let me know if you have any questions. I tend to agree with this proposal. Your Career Placement Service is horrible. I graduated Summa Cum Laude. I have been into the Cedar Rapids office several times. They have not helped me at all. I cannot pay back my loans at the present time because my wage is so small, I don't have the funds available to me. If you all would work harder at placing graduates, you would be a much better institution.
