

Title X in Colorado

Senate Health, Education, Labor, and Pensions Committee, Democratic Staff

In Colorado in 2015, there were **64** Title X–funded sites operated by different types of agencies. Collectively these Title X–funded sites delivered contraceptive care to **50,280** women in Colorado.

TITLE X-FUNDED SITES AND CLIENTS SERVED IN COLORADO BY AGENCY TYPE

	% of Total Sites	% of Total Clients
Health Departments	59%	51%
Federally Qualified Health Centers	28%	26%
Hospitals	6%	12%
Other	6%	11%

In 2015, Title X–supported contraceptive services helped Colorado women to **prevent 10,800 unintended pregnancies and 3,600 abortions**. Title X–funded sites in Colorado delivered contraceptive care to 14,620 female adolescent clients (under age 20), helping them to prevent **4,000 unintended pregnancies and 1,200 abortions**.

IMPACT OF POTENTIAL THREATS TO TITLE X IN COLORADO

If all Title X funds were redirected only to federally qualified health center sites that serve at least 10 contraceptive clients a year in Colorado, those sites would have to **at least double their contraceptive client caseloads** to maintain the current reach of Title X.

For more state-specific detail on the impact of:

- excluding Planned Parenthood from Title X, see this [June 2017 analysis](#) (esp. [Table 2](#)).
- redirecting all Title X funds to FQHC sites, see this [May 2017 analysis](#) (esp. [Table 5](#)).
