Title X in Connecticut

Senate Health, Education, Labor, and Pensions Committee, Democratic Staff

In Connecticut in 2015, there were **20** Title X–funded sites operated by different types of agencies. Collectively these Title X–funded sites delivered contraceptive care to **46,790** women in Connecticut. Title X–supported Planned Parenthood health centers served **88 percent** of these women.

	% of Total Sites	% of Total Clients
Planned Parenthood	65%	88%
Federally Qualified Health Centers	20%	11%
Hospitals	5%	0%
Other	10%	1%

In 2015, Title X–supported contraceptive services helped Connecticut women to **prevent 10,100 unintended pregnancies and 3,400 abortions**. Title X–funded sites in Connecticut delivered contraceptive care to 7,240 female adolescent clients (under age 20), helping them to prevent **2,000 unintended pregnancies and 600 abortions**.

IMPACT OF POTENTIAL THREATS TO TITLE X IN CONNECTICUT

If Planned Parenthood were excluded from Title X, all other types of Title X-funded sites in Connecticut would have to increase their contraceptive client caseloads by **757 percent** to serve the women who currently obtain contraceptive care from Planned Parenthood health centers, as illustrated below.

Projected additional clients without Planned Parenthood in Title X

If all Title X funds were redirected only to federally qualified health center sites that serve at least 10 contraceptive clients a year in Connecticut, those sites would have to **at least triple their contraceptive client caseloads** to maintain the current reach of Title X.

For more state-specific detail on the impact of:

- excluding Planned Parenthood from Title X, see this June 2017 analysis (esp. Table 2).
- redirecting all Title X funds to FQHC sites, see this May 2017 analysis (esp. Table 5).
