

Title X in Delaware

Senate Health, Education, Labor, and Pensions Committee, Democratic Staff

In Delaware in 2015, there were **38** Title X–funded sites operated by different types of agencies. Collectively these Title X–funded sites delivered contraceptive care to **13,480** women in Delaware. Title X–supported Planned Parenthood health centers served **31 percent** of these women.

TITLE X-FUNDED SITES AND CLIENTS SERVED IN DELAWARE BY AGENCY TYPE

	% of Total Sites	% of Total Clients
Health Departments	55%	35%
Planned Parenthood	8%	31%
Federally Qualified Health Centers	21%	23%
Other	16%	11%

In 2015, Title X–supported contraceptive services helped Delaware women to **prevent 2,900 unintended pregnancies and 1,000 abortions**. Title X–funded sites in Delaware delivered contraceptive care to 4,160 female adolescent clients (under age 20), helping them to prevent **1,100 unintended pregnancies and 300 abortions**.

IMPACT OF POTENTIAL THREATS TO TITLE X IN DELAWARE

If Planned Parenthood were excluded from Title X, all other types of Title X-funded sites in Delaware would have to increase their contraceptive client caseloads by **45 percent** to serve the women who currently obtain contraceptive care from Planned Parenthood health centers, as illustrated below.

If all Title X funds were redirected only to federally qualified health center sites that serve at least 10 contraceptive clients a year in Delaware, those sites would have to **nearly quadruple their contraceptive client caseloads** to maintain the current reach of Title X.

For more state-specific detail on the impact of:

- excluding Planned Parenthood from Title X, see this [June 2017 analysis](#) (esp. [Table 2](#)).
- redirecting all Title X funds to FQHC sites, see this [May 2017 analysis](#) (esp. [Table 5](#)).
