

# Title X in Georgia

Senate Health, Education, Labor, and Pensions Committee, Democratic Staff

In Georgia in 2015, there were **125** Title X–funded sites operated by different types of agencies. Collectively these Title X–funded sites delivered contraceptive care to **59,450** women in Georgia.

## TITLE X-FUNDED SITES AND CLIENTS SERVED IN GEORGIA BY AGENCY TYPE

	% of Total Sites	% of Total Clients
Health Departments	1%	0%
Federally Qualified Health Centers	95%	88%
Hospitals	4%	12%

In 2015, Title X–supported contraceptive services helped Georgia women to **prevent 12,800 unintended pregnancies and 4,300 abortions**. Title X–funded sites in Georgia delivered contraceptive care to 9,520 female adolescent clients (under age 20), helping them to prevent **2,600 unintended pregnancies and 800 abortions**.

# IMPACT OF POTENTIAL THREATS TO TITLE X IN GEORGIA

If all Title X funds were redirected only to federally qualified health center sites that serve at least 10 contraceptive clients a year in Georgia, those sites would have to **increase their contraceptive client caseloads by 11 percent** to maintain the current reach of Title X.

For more state-specific detail on the impact of:

- excluding Planned Parenthood from Title X, see this [June 2017 analysis](#) (esp. [Table 2](#)).
- redirecting all Title X funds to FQHC sites, see this [May 2017 analysis](#) (esp. [Table 5](#)).
