## Title X in Massachusetts

Senate Health, Education, Labor, and Pensions Committee, Democratic Staff

In Massachusetts in 2015, there were **90** Title X–funded sites operated by different types of agencies. Collectively these Title X–funded sites delivered contraceptive care to **72,150** women in Massachusetts. Title X–supported Planned Parenthood health centers served **27 percent** of these women.

## TITLE X-FUNDED SITES AND CLIENTS SERVED IN MASSACHUSETTS BY AGENCY TYPE

	% of Total Sites	% of Total Clients
Planned Parenthood	8%	27%
<b>Federally Qualified Health Centers</b>	34%	35%
Hospitals	23%	13%
Other	34%	25%

In 2015, Title X–supported contraceptive services helped Massachusetts women to **prevent 15,500 unintended pregnancies and 5,200 abortions**. Title X–funded sites in Massachusetts delivered contraceptive care to 13,020 female adolescent clients (under age 20), helping them to prevent **3,600 unintended pregnancies and 1,000 abortions**.

## IMPACT OF POTENTIAL THREATS TO TITLE X IN MASSACHUSETTS

If Planned Parenthood were excluded from Title X, all other types of Title X-funded sites in Massachusetts would have to increase their contraceptive client caseloads by **36 percent** to serve the women who currently obtain contraceptive care from Planned Parenthood health centers, as illustrated below.

If all Title X funds were redirected only to federally qualified health center sites that serve at least 10 contraceptive clients a year in Massachusetts, those sites would have to **increase their contraceptive client caseloads by 92 percent** to maintain the current reach of Title X.

For more state-specific detail on the impact of:

- excluding Planned Parenthood from Title X, see this <u>June 2017 analysis</u> (esp. <u>Table 2</u>).
- redirecting all Title X funds to FQHC sites, see this May 2017 analysis (esp. Table 5).
