IMPACT OF POTENTIAL THREATS TO TITLE X IN MISSISSIPPI

If all Title X funds were redirected only to federally qualified health center sites that serve at least 10 contraceptive clients a year in Mississippi, those sites would have to **at least quadruple their contraceptive client caseloads** to maintain the current reach of Title X.

For more state-specific detail on the impact of:

- excluding Planned Parenthood from Title X, see this [June 2017 analysis](#) (esp. [Table 2](#)).
- redirecting all Title X funds to FQHC sites, see this [May 2017 analysis](#) (esp. [Table 5](#)).
