IMPACT OF POTENTIAL THREATS TO TITLE X IN NORTH DAKOTA

If all Title X funds were redirected only to federally qualified health center sites that serve at least 10 contraceptive clients a year in North Dakota, those sites would have to **increase their contraceptive client caseloads by a factor of five or more** to maintain the current reach of Title X.

For more state-specific detail on the impact of:

- excluding Planned Parenthood from Title X, see this [June 2017 analysis](#) (esp. [Table 2](#)).
- redirecting all Title X funds to FQHC sites, see this [May 2017 analysis](#) (esp. [Table 5](#)).
