

Title X in Texas

Senate Health, Education, Labor, and Pensions Committee, Democratic Staff

In Texas in 2015, there were **96** Title X–funded sites operated by different types of agencies. Collectively these Title X–funded sites delivered contraceptive care to **163,980** women in Texas. Title X–supported Planned Parenthood health centers served **18 percent** of these women.

TITLE X-FUNDED SITES AND CLIENTS SERVED IN TEXAS BY AGENCY TYPE

	% of Total Sites	% of Total Clients
Health Departments	22%	20%
Planned Parenthood	10%	18%
Federally Qualified Health Centers	29%	14%
Hospitals	16%	24%
Other	23%	24%

In 2015, Title X–supported contraceptive services helped Texas women to **prevent 35,200 unintended pregnancies and 11,900 abortions**. Title X–funded sites in Texas delivered contraceptive care to 23,200 female adolescent clients (under age 20), helping them to prevent **6,400 unintended pregnancies and 1,900 abortions**.

IMPACT OF POTENTIAL THREATS TO TITLE X IN TEXAS

If Planned Parenthood were excluded from Title X, all other types of Title X-funded sites in Texas would have to increase their contraceptive client caseloads by **22 percent** to serve the women who currently obtain contraceptive care from Planned Parenthood health centers, as illustrated below.

If all Title X funds were redirected only to federally qualified health center sites that serve at least 10 contraceptive clients a year in Texas, those sites would have to **at least double their contraceptive client caseloads** to maintain the current reach of Title X.

For more state-specific detail on the impact of:

- excluding Planned Parenthood from Title X, see this [June 2017 analysis](#) (esp. [Table 2](#)).
- redirecting all Title X funds to FQHC sites, see this [May 2017 analysis](#) (esp. [Table 5](#)).
